

## Real-Time Alerts

Be the first to know about mandate activities that matter to you.

Set up a real-time alert on MandateWire and you will receive an immediate email notification every time a report matching your filter criteria is published. Follow these simple instructions to set up your first alert:

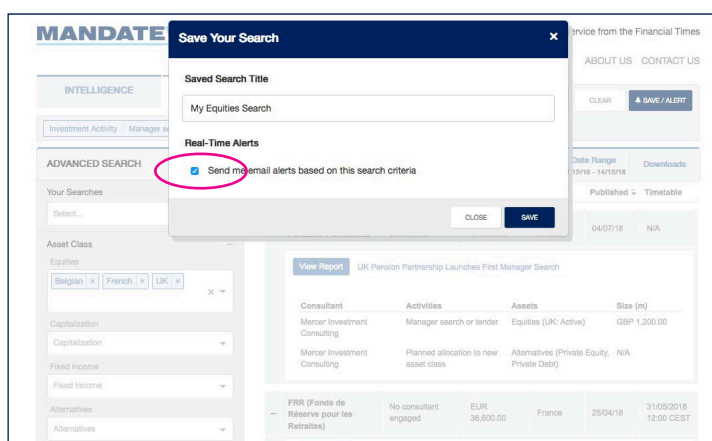

### Step 1

Select your filters and click 'Save/Alert'

### Step 2

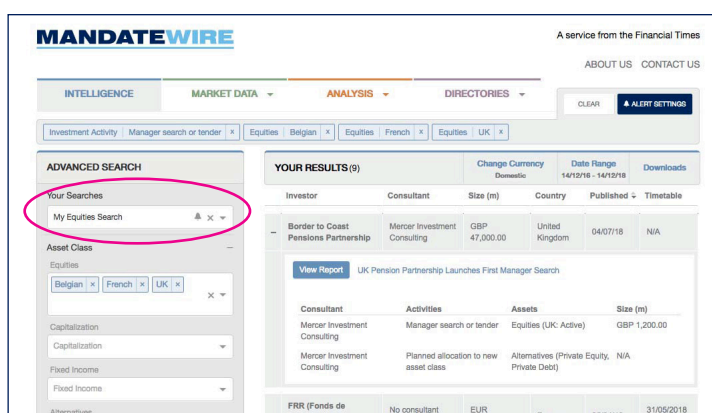

Enter your search name and alert preference then 'Save'

### Step 3

Your saved search will appear in the 'Your Searches' menu. A bell icon indicates that a real-time alert is active.

To edit your alert preference, select a search and click the 'Alert Settings' button
